## LORD ROBERTS FIGHTING HIS WAY TO PRETORIA.

COLONEL BADEN-POWELL'S SHELTER AT MAFEEKING.

LONDON, June 4.—London is today enjoying Whitsun Monday, a bank holiday, undisturbed by descriptions of engagements between the British and the Boers in South Africa, and the public here is full of confidence of Lord Roberts entering Pretoria before many hours have elapsed.

The latest theory of the day is that Lord Roberts is moving his flanking columns so as to envelop the Boer forces in the neighborhood of Pretoria.

In the Orange River Colony the Burghers are reported to be keeping a close watch on President Steyn to prevent him leaving the commandos in the lurch.

### ENGLAND WILL RULE IN THE BOER LAND.

NEW YORK, June 4.—The Tribune's London correspondent writes:

The immediate sequel to the war will be the annexation of the two Dutch commonwealths to the British empire.

There will be temporary arrangements for military government, but ultimately they will be converted into self-governing dependencies of the crown, like other colonial possessions.

As time goes on the same tendencies which have brought about confederation in Canada and Australia, will operate with irresistible force in South Africa. There will be a new commonwealth bill, under which the united colonies and dependencies of the crown will have as large a measure of local independence and legislative autonomy as either Canada or Australia.

This was the population at the outbreak of the war: Cape Colony 147,000 British, 229,000 Dutch; Natal 51,000 British; 10,000 Dutch; Transvaal 120,000 British, 125,000 Dutch; Orange Free State 7000 British, 71,000 Dutch; Bechuanaland and Rhodesia 20,000 British, 12,000 Dutch. Totals, 345,000 British, 447,000 Dutch.

### PEOPLE ARE GETTING OUT OF PRETORIA.

CAPE TOWN, Sunday, June 3.—The telegraph to Pretoria is still open, but the town is in great confusion.

There has been a general exodus, among those taking part in it being the foreign fighting legion.

Six special trains left on Wednesday last, and one of them is reported to have been derailed. No British refugees have arrived.

## PLANS DRAWN FOR NEW POSTOFFICE

### Senator Perkins Says Building Will Be a Credit to Oakland.

UNITED STATES SENATE, Washington, D. C., May 29, 1906.  
Hon. W. E. Dargie, THE TRIBUNE, Oakland, California. My Dear Dargie:—Since receiving the deeds of the Oakland postoffice site I have been in communication with the Treasury Department relative to the new building, doing whatever was possible to hasten action so that

work could be begun without unnecessary delay.  
I am pleased to inform you that the plans have been drawn, and that they show that the building will be a very handsome structure of granite, such as was used in the new postoffice building in San Francisco, and will, I am sure, please the people of Oakland.

The first story will accommodate the postoffice, and the upper story will be occupied by the Collector of Customs, Collector of Internal Revenue and other Federal officers.  
I will send you a copy of the plans and photograph of the elevation as soon as the Department gets them ready, which will be in four or five weeks. Advertisements for bids will then be given out, and I see no reason now why the work will not be soon commenced and energetically pushed.  
Yours very truly,  
GEO. C. PERKINS.

## TRAIN ROBBERS ARE FOILED BY COOL ENGINEER.

ST. LOUIS, June 4.—A special to the Post-Dispatch from Long View, Texas, says the north-bound "cannonball" train on the International and Great Northern was held up after midnight near Frisco, Switch, sixty miles south of this city, and but for the plucky fight of Express Messenger Charles Rutherford and Passenger Master James Strong, and the strategy of Engineer Charles Rich, another robbery would have taken place.  
This engineer saw a pile of cross-ties and a lantern on the track, and stopped. He was ordered down by three masked men, who forced the engineer and fireman to uncouple the mail, baggage and express cars and pull about two miles from the rear of the train. The robbers then commanded the messenger to open the door of his car, and failing to get any response made Fireman Love break a hole in the end with a coal pick.  
While this was being done the fireman begged the messenger and baggage master not to shoot. The messenger, who was well protected by a barricade, said he would kill the first man to enter the hole. Love was forced to and the messenger shouted, "Get aside, Love," as he fired through the hole. His shot missed the messenger, who was trying to kill the messenger by shooting through the side of the car.  
In the confusion resulting Engineer Rich crawled up on his engine, pulled the throttle wide open and left the robbers behind. A quick run was made to Jacksonville, fifteen miles north. At daybreak the penitentiary bloodhounds were brought from El Paso and put on the trail of the robbers.  
This hold-up occurred near the place where the same train was robbed five years ago.

## BRUTAL WORK OF THE MOBS IN ST. LOUIS.

ST. LOUIS, June 4.—The citizen members of the posse comitatus had their first active service today, when several companies were assigned for guard duty at the electric power houses of the Transit Company. Arms were given out to about 300 deputies yesterday, and the day was spent drilling them.  
While on duty the members will be subject to strict military discipline. Those not on guard will be held in reserve at the police stations. None of the deputies will be sent out to guard the cars, the police being retained for that service. The work of summoning and swearing in additional deputies continues.  
All but two or three of the divisions of the Transit system are operating cars today, and good schedules are being maintained on most of the lines. The interference with passengers in some sections of the city to strike sympathizers is becoming serious. It is as much as a person's life is worth to get off a street car along South Broadway. Men, women and children join in the assault on anyone caught riding on the cars, sticks, stones and fists being used on all alike. Several women have been brutally beaten and the clothes torn from their backs.

NEW YORK, June 4.—The suspension of Edward F. Raynor & Co., members of the Stock Exchange, was announced this afternoon. The firm is a new one, and the failure is not expected to be heavy.

## SENATOR PERKINS ANSWERS GREENE

Says He Stood by the Alameda County Judge as Long as He Had a Chance.

WASHINGTON, June 4.—Editor Tribune: While bill for civil government of Hawaii territory was pending at the last Congress I joined our Congressional delegation endorsing Judge Greene.

I have not since qualified anything I said in his favor.

The bill, however, failed to pass that Congress.

The present law was enacted only a few weeks since. From a source deemed reliable I was informed that the appointment would go to another State unless secured by Mr. Estee.

I, therefore, recommended Estee as an able lawyer and honest man.

I believe he will make an excellent Judge.

GEO. C. PERKINS.

## FIENDS ATTACK A YOUNG GIRL.

While returning home alone from an entertainment early Sunday morning, pretty 18-year-old Maud McGrath was set upon by three fiends and outraged after being cruelly beaten.

Two men, John Cronin, who lives at Fifth and Henry streets, and James Keating, whose home is near the Sixteenth street depot, are under arrest for the crime, but the third man, "Buck" Eaton, who is suspected of being the ringleader of the crowd, has suddenly disappeared and all efforts of the police to locate him have so far proved unsuccessful.

The affair has created a great deal of excitement in West Oakland, where the young lady was born and raised. Miss McGrath had attended the celebration of the feast of Pentecost Saturday night at Portuguese Hall in West Oakland, and by some misunderstanding her father did not call for her at the close of the entertainment. She was therefore compelled to go home alone, although it was 2 o'clock Sunday morning.

When near the corner of Sixteenth and Kirkham streets Miss McGrath noticed that three men were following her. When she quickened her pace the men ran up behind her and one of them caught her around the waist, throwing her to the ground.

She struggled to free herself, but all three caught her and her efforts were useless. Before she ceased her struggles she had been bruised and beaten almost into insensibility.

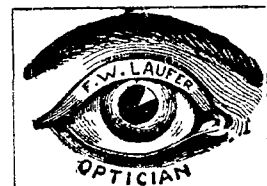

The woman's screams attracted an employee of the Contra Costa Laundry, who was passing, and he ran to her assistance, but a blow from one of the fiends felled him and he was glad to beat a retreat.

After the assault the unfortunate young woman was allowed to make her way, bruised and bleeding, to her home at Eighteenth and Kirkham streets, where she told her father of the outrage. He at once armed himself and went in search of the men, but he was unable to find them and yesterday the affair was reluctantly reported to the police.

An investigation convinced Chief Hodgkins that Cronin, Keating, and Eaton were the men wanted and he gave orders to his patrolmen and detectives to take them in. Yesterday afternoon Keating was arrested by Acting Detectives Hamerton and Kyte at the West Oakland railroad yards, where he is employed as a car cleaner.

Cronin was arrested last night by Sergeant McKinley at his home at Fifth and Henry streets. The men deny all knowledge of the crime and say they can easily establish an alibi, but the police say they have a clear case against them.

Miss McGrath is prostrated from the
